ORBIS  BOOKS
Maryknoll, New York 10545

The American Society of Missiology Series, published in collaboration with Orbis Books, seeks to publish scholarly works of high merit and wide interest on numerous aspects of missiology — the study of Christian mission in its historical, social, and theological dimensions. Able presentations on new and creative approaches to the practice and understanding of mission will receive close attention from the ASM Series Committee.

Founded in 1970, Orbis Books endeavors to publish works that enlighten the mind, nourish the spirit, and challenge the conscience. The publishing arm of the Maryknoll Fathers and Brothers, Orbis seeks to explore the global dimensions of the Christian faith and mission, to invite dialogue with diverse cultures and religious traditions, and to serve the cause of reconciliation and peace. The books published reflect the views of their authors and do not represent the official position of the Maryknoll Society.
